ALEX MERCER
Software Developer | alex.mercer@email.com | github.com/alexmercer | (555) 234-5678

PROFESSIONAL SUMMARY
Results-driven software engineer with 3+ years of experience building scalable backend APIs, web applications, and data sy

TECHNICAL SKILLS
· Programming: Python, JavaScript, TypeScript, SQL, C++
· Frontend: HTML, CSS, React, Tailwind CSS
· Backend: Node.js, Express.js, FastAPI, REST API
· Databases: PostgreSQL, MongoDB, SQLite
· Tools & Platforms: Git, GitHub, Docker, Linux, VS Code
· Computer Science: Data Structures, Algorithms, OOP, DBMS

EXPERIENCE
Software Engineer · TechNova Solutions (2022 · Present)
· Developed high-throughput REST APIs using Python and FastAPI serving 1M+ requests daily.
· Designed relational database schemas in PostgreSQL and optimized complex SQL queries and indexes.
· Containerized microservices using Docker and deployed on Linux cloud instances.
· Integrated React frontend dashboards with backend microservices using TypeScript.
· Maintained code quality and CI/CD pipelines via Git and GitHub PR reviews.

Junior Developer · Quantum Logic (2020 · 2022)
· Built RESTful endpoints using Node.js and Express.js with MongoDB for document storage.
· Implemented client-side state management in React and modern CSS layouts with Tailwind CSS.
· Applied OOP principles and algorithmic problem solving to optimize data processing pipelines.

EDUCATION
B.S. in Computer Science · State University (2016 · 2020)
· Relevant Coursework: Data Structures, Algorithms, DBMS, Operating Systems, Computer Networks.
